Marion County MENTAL HEALTH COURT

A guide for Attorneys and other professionals

Our Mission

Our mission is to divert non-violent defendants with mental illness from the Marion County Jail and active criminal prosecution in the Marion County Court to appropriate community based treatment and support services to best protect public safety, reduce recidivism and help those defendants to build successful lives.

Our Priority

The priority of the Marion County Mental Health Court (MCMHC) is public safety. In that regard, the MCMHC seeks to address the mental health issues that often result in certain defendants being repeatedly taken to the Marion County Jail. The MCMHC offers certain defendants the chance to be diverted from the jail while those defendants are connected to therapeutic and other community services.

Who is Eligible?

A defendant can only be accepted into the MCMHC as follows [generally stated]:

- must have been arrested for, or charged with, a misdemeanor alleged to have been committed in Marion County.
- must be represented by an attorney.
- must meet **residency requirement** [generally 90 days in Marion County prior to application].
- must have ability to comprehend and conform to MCMHC program.

*A copy of the MCMHC Policies Manual and the requisite referral and consent forms may be obtained from the Fifth Judicial Circuit's website at: www.circuit5.org. Once at the website, click on the Court Alternatives link which will direct you to the Marion County Mental Health Court link or contact **Claudia Zagony, MCMHC Court Coordinator @ 352-401-6751.***

FOR "PRIMARY REFERRAL":

- must meet Criminal Justice Eligibility Criteria [no pending DUI or felony charge AND not a past sex offender or "violent offender"].
- must meet Mental Health Eligibility Criteria [have persistent Axis I diagnosis; can have co-occurring diagnosis].
- must consent to MCMHC goals and practices.
- must waive speedy trial.

"ALTERNATIVE REFERRAL":

- must have been adjudged incompetent to proceed in pending misdemeanor case.
